

Occupational Therapists

Occupational Therapists listed here may be in private and/or public practises. Some may be willing to travel to you. Some will be FaHCSIA panel providers for Helping Children With Autism (HCWA) funding, others may not. Some Therapists may be Medicare registered and have ASD experience but have chosen not to be registered as FaHCSIA (for HCWA funding).

It is important that you contact the therapist directly and discuss your individual needs.
